STAGE CREW COSTS

Each and every event in the Trenton War Memorial requires that the renter (aka the lessee) hire and pay the stage crew for technical services. The hourly rate per technician as of January 2001 is \$23.00 per hour for a minimum call of four hours.

- I. For theater events, there are generally (3) four-hour calls: (1) to set up, (2) for the show, and (1) to strike or take down equipment. There are 5 stage hands on the house crew. You will need all of them for your theater event. Some events may require more, and will be based upon the artist's technical rider to their contract.
2. For non-theater events, stagehands are assigned to meet renters' needs: Lighting, sound and room set-ups. Remember to allow for rehearsal time if it is required for your event.

The War Memorial stage crew assists renters in a variety of ways, including expert light and sound services, stage preparation and breakdown, room setups, and numerous other tasks taking place before and after events. They are highly trained and experienced professionals with an extensive knowledge of the War Memorial building and its technical systems.

Renters are urged to keep in mind that it is in their best interests to utilize the War Memorial's stage crew in an efficient and effective manner. It has been our experience that the requirements for certain kinds of events tend to "grow" beyond the initial conception of event presenters. This creates a need for additional technicians and additional work hours, thereby raising the crew costs that event presenters are obligated to pay. The stage crew will provide renters with an initial estimate and a final invoice after the event.

Thank you for your cooperation.
